

FOODSTER

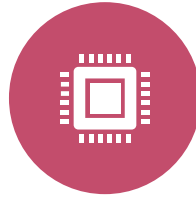

A PLATFORM FOR SMALL FOOD BUSINESSES
TO SHARE THEIR CONTENT TO THE WORLD

Bibhash Mulmi
Honors Senior Project
Ramapo College of New Jersey

PURPOSE

Need for innovative mobile application in a technologically advancing world

Numerous platforms and programming languages to work with

Wanted to learn those platforms that would help me develop an application that runs on any device

WHAT IS FOODSTER?

A cross platform mobile web application that runs on any device (iOS and android)

Restaurants can sign up and share their coupons and deals to the app users

Users can sign up, follow the restaurants of their choice, and stay updated on their offers

TECHNOLOGY STACK

Client Side:

axios

Server Side:
